

# Mount Rainier National Park

## Nisqually to Paradise Road Construction Update

### Wayside Notes

### What to Expect

The historic Nisqually to Paradise Road is the most common entry to Mount Rainier National Park. Like most roads that you travel, it too, requires maintenance and periodic repairs. Due to adverse winter weather road work must occur during the busy summer season.

*This year the majority of work will occur between Longmire and Paradise with some work taking place between Nisqually Entrance and Longmire.*

The road continually endures impacts from thousands of cars, buses, and RVs. It sustains damage from freezing, thawing, and rain. The road is also impacted by fallen trees and river erosion.

Improvements to the road will preserve its integrity as a popular and historic scenic drive and provide continued safe access for years to come.

#### Just the Facts:

“The intention is to follow...the general curves of the natural surface...being most pleasing and far less destructive than regular curves laid out with mathematical precision.”

-Eugene V. Ricksecker, 1904

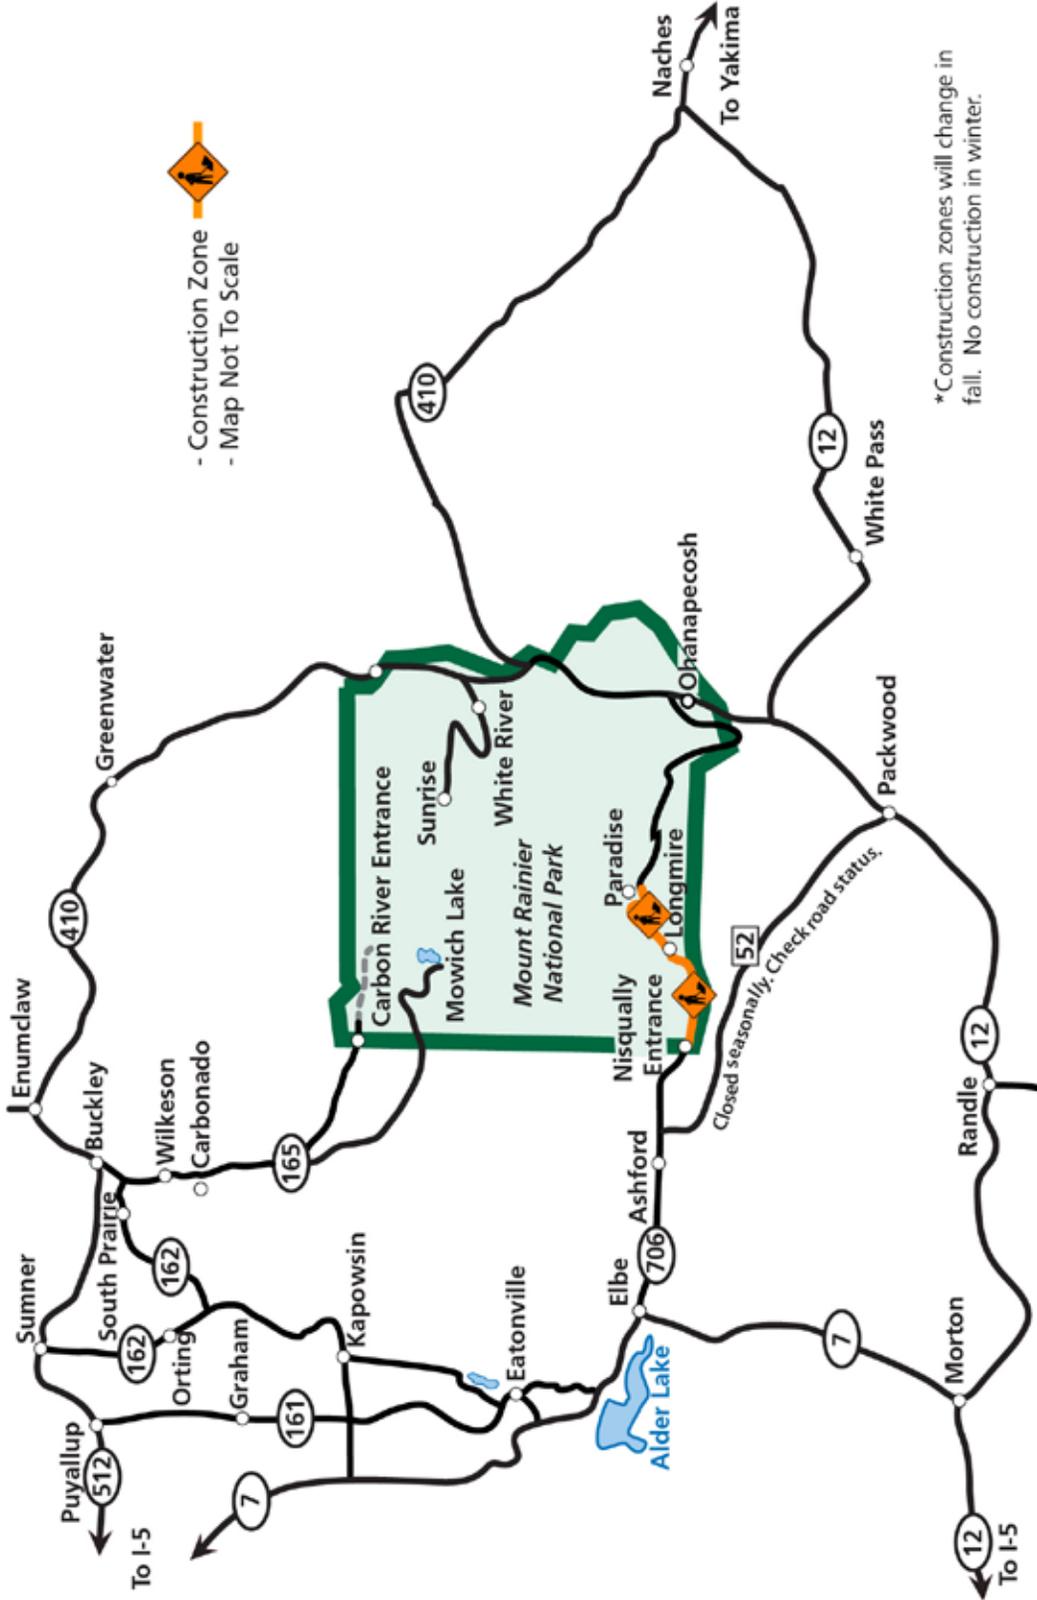

Ricksecker led the Army Corps of Engineers in surveying the route of the Nisqually to Paradise Road.

- **Trenching** continues below Paradise on the Nisqually-Paradise Road.
- **After August 6, work is suspended** until October 1, 2015.
- **Know Before You Go.** Expect delays during daylight hours, Monday through Friday. Currently no work is scheduled for Saturday or Sunday.
- **Be Prepared.** Expect delays up to 15 minutes at each stop. *Total construction delays should not exceed 30 minutes between Nisqually Entrance and Paradise.*
- **No Idling.** Please be considerate of the air quality and turn off your vehicle when stopped at construction.
- **Plan Ahead.** Restroom facilities are located at Kautz Creek, Longmire, Narada Falls, and Paradise.
